Guide to our regular plant sizes

Quality plants and bulbs delivered straight to your door at just the right time for planting. Continued investment in quality management and packaging means that our quality control process is better than ever. Plants are double and triple checked before they get sent out to you. They also spend less time in the post. With our new packaging, many of our plant parcels can fit straight through your letter box.

Potted plants

These well-established plants are ready to be planted straight out into final positions, as long as the weather allows. Sizes given are usually the diameter of the pot.

Garden Ready Plants

Sent out at the perfect time for planting - before blooms form, for quicker establishment, better root growth and flowering. **10-15cm.**

Jumbo Plugs

Can be planted straight into baskets or other containers. **5-11cm.**

Postiplugs®

We've re-designed our most popular plug size so that our plant parcels will fit through most letter boxes. **5-9cm.**

Plugs

With our exclusive to T&M cartridge plug system™, each young plant has an extra-strong root system. **3-6cm.**

Bulbs

We always supply first year flowering-size bulbs.

Bare roots

These are sent in a dormant state without pot or compost. Planted in spring, they produce new growth through the year. Size 1 is the highest spec available irrespective of plant variety or size.

Our winter bedding plants

A. Garden Ready We despatch these super-size plants at the perfect time for planting out, usually before blooms form, so all the plant's energy has gone into producing a strong root system. This helps them to establish quicker for better growth and then a longer, stronger display of flowers. Available in packs of 15 and 30.

Delivery: Sept Plants are 10-15cm depending on variety

B. Plugs With our exclusive cartridge plug system® PAP, each young plant has an extra-strong root system for the best of starts. The open sided cartridge causes root tips to dehydrate. This is known as 'air-pruning' which encourages the growth of new, lateral fibrous roots.

Delivery: Sept Plants are 3-6cm depending on variety

You don't just want to mulch your soil - you want to feed and protect it, enrich it and help your plants thrive.

INCREDi Mulch Plus® is a breakthrough protective mulch with built-in, slow-release nutrition and advanced weed-blocking technology. It's the only mulch that feeds your garden all spring, summer and into autumn.

Made from FSC-certified, sterilised wood fibre, INCREDi Mulch Plus® uses exclusive chemical-free fusion technology to lightly bind together when watered. That means it stays in place – no blowing, shifting or scattering, forming a tight, soft blanket.

- ✦ **Blocks up to 95% of light to reduce weeds, moss and liverwort**
- ✦ **Discourages slugs, snails and even adult vine weevil**
- ✦ **Reduces moisture loss and protects roots from hot sun or freezing conditions**
- ✦ **Adds organic matter, improving soil structure naturally over time**
