'Apricot Shades'

Guide to our regular plant sizes

Quality plants and bulbs delivered straight to your door at just the right time for planting.

Continued investment in quality management and packaging means that our quality control process is better than ever. Plants are double and triple checked before they get sent out to you. They also spend less time in the post. With our new packaging, many of our plant parcels can fit straight through your letter box.

A. Garden Ready Plants are supplied differently to those found in garden centres. And for good reason. Retailers need their plants to catch your eye on the shelf; we simply want ours to perform at their best! So we send them out at the perfect time for planting, usually before blooms form, for quicker establishment, better root growth and flowering, and a longer, stronger display. 10-15cm.

B. Jumbo Plugs Jumbo plugs can be planted straight into baskets or other containers. 5-11cm.

More information and pack sizes can be found on our website.

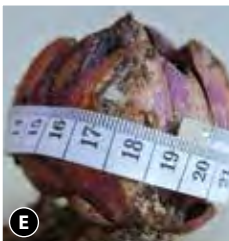

C. Postiplants We've re-designed our most popular plug size so that our plant parcels will fit through most letter boxes. 5-9cm.

D. Plugs With our exclusive to T&M cartridge plug systemTM, each young plant has an extra-strong root system. 3-6cm. The open sided cartridge causes root tips to dehydrate. This is known as 'air-pruning' which encourages the growth of new, lateral fibrous roots.

E. Bulbs We always supply first year flowering-size bulbs.

F. Bare roots These are sent in a dormant state without pot or compost. Planted in spring, they produce new growth through the year. Size 1 is the highest spec available irrespective of plant variety or size.

G. Potted plants These well-established plants are ready to be planted straight out into final positions, as long as the weather allows. Sizes given are usually the diameter of the pot.

Key to abbreviations and symbols

HP	Hardy Perennial
HHP	Half Hardy Perennial
GP	Greenhouse/indoor plant
HA	Hardy Annual
HHA	Half Hardy Annual
HBb	Hardy Bulb
HBBb	Half Hardy Bulb
HB	Hardy Biennial
HCI	Hardy Climber
HS	Hardy Shrub
HT	Hardy Tree
TS	Tender Shrub
TT	Tender Tuber

 Wild bees and other pollinators are in decline. The Plants for Pollinators logo easily helps to identify plants that encourage them back into the garden

 This plant/cultivar has been awarded the **RHS Award of Garden Merit** because it has performed well in trials and is proven to be a reliable specimen in appropriate conditions

Edible Some parts of this plant are edible, please see online for more details

- GARDEN READY - SUMMER BEDDING

Fill your garden with great value summer bedding

Plugs 3-6cm depending on variety Delivery: Mar-May

Garden Ready
10-15cm depending on variety
Delivery: May-Jun

Our Garden Ready Plants make gardening as simple as...

1. OPEN

Open as soon as they arrive and check them over. We want your plants to arrive in tip-top condition so that they've got the best chance of success.

Be sure to read and follow the enclosed planting instructions!

2. PLANT

Plant your garden ready plants straight into the garden, containers, or baskets. They'll be delivered to your door ready

to plant out, as we've done the crucial early growing for you.

3. WATER

Water your plants! Water when they arrive, then again when you plant them out into their final positions - don't allow them to dry out!

Growing on your plants:

If you're new to buying young plants, you might think you'll need a greenhouse or flashy equipment to grow them on, when all you really need is a few pots and a warm windowsill - you'll find

everything you need throughout the catalogue.

The importance of early ordering...

Some of our brand new and exclusive varieties are only available in limited quantities and sell out fast, so early ordering helps to secure the plants that you want. But more importantly, our technical trials prove that plants sent out earlier in the year end up bigger than those from later deliveries - they produce better foliage and fuller plants that subsequently give you 50% more flowers.

Maxicrop Original Seaweed Extract

KA4022 £11.99 (500ml x 1)

KB0192 £19.99 (500ml x 2)

Maxicrop will give your plants:

- Strong, healthy root system
- Greener, healthier leaves
- Better establishment
- More energy for growth

For ONLY £1

We'll treat your plants with Maxicrop before they leave us

Please note bulbs, potatoes & onion sets do not require maxicrop treatment.

KF6665 £18.99 (2 x 9cm pots)

HS. 1.2m (4ft). Flowers: May-Aug. Sun/Part Shade. Beds, Borders, Pots. Delivery: Apr-Jun.

New Arrivals for 2024

Showcasing the best new hardy plants for a summer of sizzling colour in the garden

Trees, shrubs and climbers form the backbone of garden design, bringing permanence to your planting schemes. We offer the widest range to add year-round interest to your planting schemes with habits to suit every garden situation. With the summer fast approaching we're keen to highlight three new introductions to our range that are sure to delight this season.

Philadelphus 'Petite Perfume Pink' is the ideal mock orange for every garden, even if you only have room for one more patio container! A mature height of just 1.2m (4ft) and inbuilt tolerance to both dry and wet conditions, and a range of soil types, make it an essential small garden filler or accent plant in larger spaces. Producing masses of perfectly pink blooms from

late May into July, it will fill the garden with sweet orange-blossom perfume, delighting the senses while attracting a host of beneficial pollinators to the garden. Versatile in use, add it as a border specimen, container shrub or novel compact hedging.

Sweet orange-blossom perfume

We've sourced something very special in offering **Magnolia 'Stellar Ruby'**. This hard-to-find hybrid offers year-round shape with evergreen foliage, plus months of repeating flower colour from spring until autumn. Even more interesting is the intense fragrance coming from the dark ruby blooms, some say it smells like ripe bananas, others pear drops, and some say port wine – it all depends on your nose! A hardy hybrid of Magnolia figo, it features a very upright habit and is densely covered in glossy, deep green, pointed leaves. It is fast growing compared to other magnolias, reaching 4.5m (10ft) and flowers reliably from a young age – what more could you ask for?

New

Amazing star-shaped blooms

NEW Magnolia 'Stellar Ruby'

KF2877 £12.99 (1 x 9cm pot)

KF2878 £17.99 (2 x 9cm pots)

HS. 4.5m (15ft). Flowers: Mar-Sept. Sun/Part Shade. Beds, Borders, Hedging, Pots. Delivery: Apr-Jun.

The world's first pink-flowered campsis!

NEW Campsis 'Pink Panther'

KF5776 £29.99 (1 x 15cm pot)

KF5777 £49.99 (2 x 15cm pots)

HS. 1.5m (5ft). Flowers: Aug-Sept. Sun. Fences, Trellis. Delivery: Apr-Jun.

The last of our new trio is **Campsis 'Pink Panther'** – the first ever campsis with pink flowers. Ideally trained as a wall shrub, this compact twining vine reaching 2.5m (8ft) offers a multitude of exotic trumpet-like blooms, held in generous clusters, helping to bring that Mediterranean holiday feel to your garden. With no need for training wires or tying in, it will quickly clothe a wall, fence, trellis or frame with lush glossy pinnate foliage, which acts as a dramatic backdrop to the strong floral show from July to the first frosts of autumn. This really is a wow-factor climber that is all set to add drama to any space.

- GRAFTED - VEG PLANTS

Giving you up to a massive 75% increase in yields

1 **Easy to grow!**

ONLY
£9.99

**Pick n Mix Grafted Veg
3 or more 9cm pots for £5 per pot**

Pages 70-71 and online www.thompson-morgan.com/grafted-veg-offer

BENEFITS

- **Longer cropping season** - plants fruit earlier in spring and crop later into autumn
- **Extra strong root system** allows plants to be grown outside - no need for a greenhouse!
- **Better tolerance to soil pests and diseases** - no need for growbags - plant straight into the ground.

This all-natural process of joining a fruiting variety to a more vigorous rootstock brings the goodness of grafted vegetables to your own pots and plots. We've selected rootstocks to bring you the best possible results.

1. Cucumber Mini Stars F1

- Expect a massive increase in yields - up to 75%
